CITY COUNCIL MEETING.

The Regular Monthly Session—Mrs. A. T. Grier's bill of Damages against the city—Ordinance for assessment of Various taxes passed—The defective sewer—Other Matters of Interest.

The city council met in regular monthly session Monday night. Acting Mayor Cravens was in the chair. Councilmen Jordan, Godfrey, Daum, Bristol and Jackson were present.

C. A. Miller, Esq. appeared in behalf of Mrs. A. T. Grier, to present a bill of damages against the city for injuries sustained by a fall on a defective street crossing in front of the Lutheran church, Sept. 12, 1885. The bill was as follows:

Service of a hired girl, which was made necessary	\$25.00
Loss on stationery, millinery business	1.00
Doctor's visits	1.00
Medicine	1.00
Nurse's wages, etc.	1.00
Permanent injuries	5,000.00
Total	\$5,033.00

Mr. Miller argued the necessity of the city's paying immediate attention to this matter and cited the Trosper case as an illustration of what is in store for the city, in case the matter did not receive immediate attention. He further gave notice that if the damages asked for were not settled at once he should in a short time commence a suit for \$10,000 damages. The bill was somewhat abruptly referred by the presiding officer to the committee on claims.

An appropriation for the settlement of various bills, to the amount of \$735.22, was made.

The petition of William Dingle to have his fine of \$13.00 for harboring an unregistered dog remitted, made on the 11th of August, was referred to the city attorney—"his next best friend." The petition was a curiosity in its way and made much amusement. The city attorney reported that there was no ground for the remittance.

A petition for a sidewalk on the south side of Mulberry, between Santa Fe and Fifth street, having been reported to the sidewalk committee, was reported favorable, and an ordinance covering it passed.

The report of the Board of Education for an assessment of 11 1/2 mills for school purposes, was approved by the council, and embodied with the city levy in an ordinance subsequently passed. The city levy agreed upon was as follows:

General Revenue	20.00
Streets, alleys, culverts, bridge and cross-ways	1.00
Sinking fund	.05
Interest	.05
Total	21.10

The police judge's report was referred to the committee on ways and means.

A petition from certain citizens living on Third street—with a ring in it of the style of the Revolutionary period—asking that their repeated demands that the U. P. railway be compelled to make their tracks passable on the streets, may be heeded by the council, was presented and referred.

Several ordinances providing for assessing numerous lots on account of the Shaffer paving and guttering work, were read; also an ordinance assessing tax for building sidewalks in front of certain lots.

The city engineer appeared and explained the reason of certain stretches arising from the Ash street sewer. He said one of the man holes was too low and water retained. The hole had never been fixed according to contract. He had visited the sewer, had it flooded, and the stretch was temporarily moved. He said the trouble would never be entirely removed until more laterals and more water were in use. He thought that by the use of cement the defective hole could be fixed so that it would work fairly, and the city council ordered that the engineer have it fixed.

The Derrington lot question was taken up. Derrington proposed to pay the money the South street lot cost the city originally, with interest from the amount to date. The matter was put over until the next meeting. The council then adjourned until Tuesday evening.

TUESDAY EVENING'S MEETING.

Councilmen Cravens, Bristol, Daum, Godfrey, Jackson and Supple were present, with the mayor in the chair. The ways and means committee reported the sale of the \$10,000 worth of bonds issued for funding purposes, and the deposit of the money with the city treasurer.

Several ordinances for assessment of lots on account of curbing and guttering were read and passed; also the ordinance for a sidewalk on the south side of Mulberry street, between Santa Fe and Fifth, which work is ordered completed by Sept. 10. Appropriation ordinances covering bills generally to the amount of \$280.85, and for curbing to the amount of \$1,271.08, in favor of A. Flumerfelt, were passed. The Derrington lot matter was taken up. The proposition to accept \$200 from Mr. Derrington was voted down.

The motion of Mr. Cravens to instruct the city attorney to commence suit for its possession was lost. Mr. Cravens spoke at length against any compromise, making the point that the title was either in the city, or Mr. Derrington, and that no compromise could be made. The mayor recommended that the city should not be too hasty in commencing legal proceedings, as there were certain equities to be considered as well as the purely legal status of the question. Mr. Supple moved that the city give a quit-claim deed to Mr. Derrington in consideration of \$500, which after some discussion was withdrawn by the mover. It was then agreed to take up the matter at a meeting fixed specially for the purpose, Tuesday night. In compliance with a circular address to the mayor asking that two delegates from Salina be selected to attend the Deep-water convention, the council authorized the mayor to appoint such delegates.

The council then adjourned.

John C. Barrett, one of the old time settlers of the Smoky Hill Valley, died near Mentor on Wednesday evening last week. Mr. Barrett's health gave away several years ago, since which time he has been an invalid. He was a bachelor. He was a soldier in the army, having lost one eye in the service. As the funeral procession approached on Thursday, it was joined by a party of the Grand Army boys who accompanied the remains to Gypsum Hill Cemetery, where they were interred.

C. N. Nelson, of Galva, McPherson county, and a Mr. Bentler, spoke at the Roller Coaster Park Monday night, upon the Union Labor question. Quite a large audience was present and the discussion, some of the ideas advanced were ludicrous, and there was half a suspicion that the speakers themselves didn't believe that they were guilting anybody.

At about 9 o'clock yesterday, a man was found dead in his wagon, a mile northeast of Topeka, near the farm of J. O. Beard, by a German. The horses were plighted out, and the man had evidently laid down for the night. He was about 24 years of age, and in a memorandum book was a sketch of his various movements. It stated that he was born in Kentucky and that his name was Cyrus D. Miller. He had the night before stated to a farmer living near, that he had come from Horace, Kansas, and had a brother living near York, post office. The deceased had been shot either purposely or accidentally—the ball entering his forehead. The revolver was in his hand. The county attorney and coroner went to the scene of the death and held an inquest. The body was brought to Killian & Williams' undertaking establishment, awaiting the arrival of his brother, for whom a messenger was sent.

C. B. Kirtland did not consummate the sale of the Republican hindery to the Hutchinson News. He has shipped the material down there and will start a branch hindery.

Mrs. C. F. Colgrove left this morning for a two weeks' visit with friends at White House, Ohio. She was accompanied by Mrs. Laura Joiner and children—Nurath (O.) Rebecker.

Assault on a Woman.

The creamery building was accepted by the directors on Monday last, and it is calculated to commence operations about the 1st of October. The Lutheran Sunday School had a picnic in Hessler's grove last Wednesday. Revs. C. Wallen, of Salina, E. P. Olson, of Marquette, and Elmer, of Salina, were present.

To the Grand Encampment.

The Grand Army Post has contracted with the Union Pacific, Chicago & Alton and the Bee Line for transportation to the Grand Encampment at Columbus, Ohio, commencing Tuesday, Sept. 12, and continuing five days. These roads have agreed to furnish two chair cars and a first-class coach for the accommodation of the party from Salina, and the rate is not to exceed one cent a mile, or about \$17 for the round trip, and the assurance that it will be as low a rate as furnished by any other line to and from Columbus. The date agreed upon by the Post is Sunday Sept. 9, by the 10:30 train arriving in Columbus the following morning. On Tuesday, the 10th, the grand parade will take place, and Department Commander J. W. Feighan has earnestly requested all Kansas comrades to be present at that time to participate in the grand event. A rate of \$10 for the round trip is anticipated. All may avail themselves of the trip and rate. Under this arrangement the excursionists will have the privilege of stopping over and visiting the Soldiers' Home at Dayton, Ohio, the Centennial Exposition at Cincinnati, or at Indianapolis, Ind.—either going or coming, as may be desired. Comrades should be on the ground early that they may take advantage of the advantages afforded. The Kansas Department headquarters will be in the State Auditor's office in the Capital building, and full accommodations will be made for every comrade. The Department Commander and staff, and President of Woman's Relief Corps and staff will leave Emporia on Saturday Sept. 8, over the Santa Fe Railroad. All soldiers and their families are invited. The Modoc Club of Topeka and the noted Marshall's band of the same place will be present at Columbus with the Kansas boys.

Tickets will be on sale from September 7 to 10, and will be good until the 23d, with privilege of thirty days extension.

This encampment is destined to be one of the greatest of the soldiers' reunions, and every old soldier who can should take advantage of the opportunity for one of the most interesting occasions of his life.

That man Armstrong.

Last Thursday we published the following item:

A Union soldier by the name of John Herbst was captured and imprisoned at Andersonville. To escape there, he was certain death in that notorious prison, he enlisted in the Confederate army, intending to escape and find his fellow soldiers. He was captured by the Union forces, and after service a second time was honorably discharged, and died of diseases contracted in the service. Congress saw fit to pension his widow, who is poor and in need. President Cleveland vetoed the bill on the high ground that the President was not right about this principle and appointed C. F. Armstrong to the important post of Indian inspector.

John Herbst was also reported deserter from the Union army. He was a voluntary deserter, says a recent writer, immediately after the battle of Bull Run, and served in the rebel army until the close of the war. Does the President punish Herbst's widow because her husband returned to his duty in rank of the Union army? If not, why does he heap honors on the Armstrong?

William C. Armstrong, speaking the above, recalled the fact that this same man, F. C. Armstrong, was in command of about 8,000 mounted Confederate infantry at Britton's Lane, Tenn., where Mr. Dingle was captured; and the latter has in possession a parole, which was counter-signed by Armstrong, and reads as follows (verbatim):

(Parole) Lieut. W. Tinkle, Co. I, 2nd Reg't, Ill. Art., 1st and 2nd Divs. W. Tinkle, Co. I, 2nd Reg't Ill. Art., do solemnly swear that I will not bear arms, nor in any wise assist the United States government in carrying on the present war against the Confederate States of America until regularly exchanged.

Wm. DENNETT, Lieut.

Sept. 2, 1862.

In the hurry of the capture the parole was written hastily, and hence the appearance of the name Tinkle in the body of the document. Surely this is a strange "coincidence."

The Octoroon.

The "Octoroon" in many of its features is not unlike the powerful play of "Uncle Tom's Cabin." Jacob McClosky, the villain, finds his prototype in "Le Greer" and "Pete"—a dollar for a nigger—does not materially differ from good old "Uncle Tom." As presented by the Andersons, the play was a success. "Octoroon" was greatly enjoyed by C. S. Martin, as Jacob McClosky, was especially powerful in his role. Mr. King, as "Pete," was very successful; so also Arthur Day as "Wahnoote." Mrs. Andrews as Zoe, the Octoroon, carried her part perfectly.

Salina will send out two camp-agents for the Republican cause. Rev. G. W. Grabe has been asked by the anti-saloon organization of the Republican party to make speeches in the East. Rev. J. H. Lockwood is also invited to take the stump, as the following item from the Beloit Courier explains:

Elder J. H. Lockwood, of Salina, formerly of Beloit, has received an invitation from the Republican National committee to make some speeches in the east. In all probability he will accept the call, as he is thought to do, and give the good people of New York the real facts as to prohibition in Kansas, telling the dismal stories of the St. John in which they held up to ridicule the Republican party in Kansas. Elder Lockwood is also on the list to go east and tackle the St. John heresy. This is so wise a move of the committee, that it has been done four years ago New York City, and not have been fooled into deciding to give this country a democratic president. Personally the St. John is a disappointment, and that if he is the Christian that he likes to boast, he should exhibit a little bit of his principal virtue which is charity and long suffering.

C. N. Nelson, of Galva, McPherson county, and a Mr. Bentler, spoke at the Roller Coaster Park Monday night, upon the Union Labor question. Quite a large audience was present and the discussion, some of the ideas advanced were ludicrous, and there was half a suspicion that the speakers themselves didn't believe that they were guilting anybody.
